TP&L Releases

Community Survey, Siebman Announces

Texas Power & Light Company is now making available to cities and towns served by the company a planned program of community evaluation called "Operation Check Up."

Announcement of the program was made here by Henry Siebman, district manager for Texas Power & Light Company.

The purpose of the program is to provide interested local organizations or groups with a means of surveying existing community facilities and activities and defining needed improvements.

The first phase of the program involves completion of a simple but extensive questionnaire prepared by TP&L community development specialists in consultation with the Texas Municipal League, the Economics Research Division of Texas A&M University, professional city managers, engineers and planners.

When the questionnaire has been completed, it will be submitted to Texas Power & Light Company for an objective scoring and tabulation.

The questionnaire will then be returned to the local participating organization along with a general tabulation of information submitted by other communities throughout the area served by TP&L.

The source of each questionnaire will be identified only to the community which supplied the information. All other communities will remain anonymous.

By comparison of local performance levels with those of other communities of similar size and character, local leaders will be able to determine areas where work is needed to place the community in a better position for economic growth.

Announcement of the program emphasized that it is not a competition, but a means of objective community self-appraisal.

City Closing

For Good Friday

Early this year ballots were mailed to all Cameron businesses requesting that they vote on holidays for 1965. Included on the ballot was the hour of 12 to 1 for Good Friday church services April 16. This received a vast majority of the vote and was included in the official list of holidays for 1965. However, church services will not be held during this hour as stated on the ballot but have been set for the hour of 1 to 2 p.m., Chamber officials said.

Merchants wishing to close in observance of this Easter service may obtain a card informing their customers they will be closed. Cards are designed for window display and may be obtained from the Chamber of Commerce or by contacting Rev. James Lafferty, president, Cameron Ministerial Association.

Good Friday services will be held in the First Methodist Church April 16, 1-2 p.m.

STACKED 3 DEEP — No one was injured but hundreds of thousands of dollars in Texas Valley produce and smashed freight cars resulted in the 4 a.m. train wreck Sunday. Workmen had cleared and repaired the track by Monday and trains once again began to travel over the route. —Staffoto

Surgeon To Speak On Heart Disease At Public Meeting

The Three Arts Club of Cameron will sponsor an "Information Meeting" tonight (Thursday) at 7:30 p.m. in the First Methodist Church Fellowship Hall which is open to the public. Dr. Ronald H. Hayward of Scott and White Hospital will speak on "Management of Cardiovascular Disease Amenable to Surgery."

The surgical approach to heart and circulatory diseases is considered one of the biggest new fields in treatment of these conditions which caused 981,680 deaths last year in the United States and 153 deaths in Milam County.

The Heart Surgery specialist is a native of Wellington, New Zealand, and was recipient of the Mayo Alumni Award for Research in 1959 and the J. William White Scholarship Award in 1960. He received his undergraduate training at Victoria University of Otago Medical School and his Ph.D. in Surgery from the University of Minnesota in 1962. He was a junior lecturer in surgery at the University of Otago Medical School in 1964-65.

Dr. Hayward has been associated with the department of Cardiovascular Surgery at Scott and White, Temple, since Feb. 1, 1965.

Elected To Board,

Take Oath Thursday

Two new board members for the Cameron Independent School District were elected Saturday and will take their places on the board Thursday at the regular meeting at Ben Milam School.

In Saturday's school trustee election Coleman Duncum received 322 votes and Will Vogelsang 310 votes to gain positions on the board. Three write-ins also received the following votes: Bentley Hause, 37; R. W. Wells, 18; and Gene Smitherman, 3.

Election Judge Felix Matula Jr. said a total of 362 votes were cast. Duncum and Vogelsang will assume the posts of Niley Smith and R. W. Wells, Smith, president of the board and a six year member, did not seek re-election to the board. Wells was completing the unexpired term of Charlie Burke.

At Thursday night's meeting the board is expected to elect officers for the coming year.

green salad will be sold at the Ada Henderson luncheon beginning at 6 p.m. The dinner will be 60 cents for adults and 40 cents for children.

Shows to be presented by the various Yoe High classes will be: seniors, "Hullabaloo," band hall; juniors, "The Man from Junior," south room of band hall; sophomores, "Whats Up, Doc," Home-making Dept.; freshmen, "The Purple Onion," basement of Yoe High School.

Candidates for the queen of Yoe High school are Carol Ann Wilson, senior; Lynette Green, junior; Brenda Holland, sophomore; and Donna Kemp, freshmen.

Queen candidates of Ada Henderson School are: 4th grade, Melissa Houston; 5th grade, Gwen Ivey; 6th grade, Margaret Perkins; 7th grade, Jackie Thiele; and 8th grade, Dianne Tumlinson.

The coronation of carnival queens will be held at the Yoe gymnasium.

Mo. - Pac. Train Wreck Site Clears, Track Re-Opened

Wreckage of Missouri-Pacific's 42 produce-laden cars, that jumped the tracks in the pre-dawn hours last Sunday morning, was still being cleared Wednesday at the accident site one mile south of Gause.

Railroad officials at Milano said the track had been repaired by Monday and that trains were back on schedule, but unable to travel at the normal speeds through that area. Following the wreck the trains were re-routed and it was thought it would take at least three days to put the track back into use.

The Missouri-Pacific train was pulling 150 cars loaded with vegetable from South Texas when one car jumped the track pulling 41 other refrigerated freight cars with it.

At one point cars stacked three deep on the one-line in east Milam County.

No one was injured. Damage estimates ranged in the millions of dollars in Texas Valley produce and smashed freight cars.

Repair equipment was brought in from San Antonio and work crews from Palestine were at work after daylight Sunday starting to clear what could be done before the heavy cranes arrived. Workmen were still cleaning up the wreckage Wednesday.

The freight was going north with the produce cars slated for Heath, a trainmaster, said the freight conductor called for "more track" at 3:50 a.m. Sunday and at 4 a.m. the wreck was reported.

It is believed that wheels collapsed from under one of the cars. Milano railroad agent Jim Rose said the accident was thought to have been caused when a journal burned off causing the axle to drop off.

Freight conductor was Jack Spencer of Palestine.

YOUNG FARMERS MEETING

The Young Farmers organization will meet at 7:45 p.m. Tuesday, April 13, at the Cameron Vo-Ag building for a program on Farm Trailer Licensing and Vehicle Safety. Mr. Tippitt will be guest speaker. All members and others interested are urged to attend.

Shows to be presented by the various Yoe High classes will be: seniors, "Hullabaloo," band hall; juniors, "The Man from Junior," south room of band hall; sophomores, "Whats Up, Doc," Home-making Dept.; freshmen, "The Purple Onion," basement of Yoe High School.

Two Charged In Sunday Assault

Assault with intent to murder charges have been filed against Johnny Ray Seaton, 21, and James Seaton, 17, both of Cameron, in connection with the assault of Larry Jackson, 25, also of Cameron. Both posted bond Wednesday. Charges were filed in Justice of the Peace Jess Brock's court Monday, according to County Attorney John B. Henderson Jr.

Officials said Jackson was allegedly kicked, stomped and beat-

en with fists about 2 a.m. Sunday near the Western Bar located six miles southwest of Cameron.

The two young Cameron men were arrested at the Western Bar by Milam County Sheriff Carl Black after witnesses reported the incident.

Attending physicians at St. Edward Hospital in Cameron said Jackson's condition is improved but still serious. He suffered fractures of the jaw and face, multiple abrasions and contusions, the physician said.

Courthouse officials said Johnny Ray Seaton was on parole in McLennan County for car theft when the Milam County incident occurred. Both men are being held in Milam County jail.

Charges have also been filed against the owner of the Western Bar for selling beer after hours, Henderson said.

784 CAST VOTES IN TUESDAY'S CITY ELECTION

Two incumbents retained their seats on the Cameron City Council and one new councilman was elected in Tuesday's city election.

In the only contested race, councilman J. Starrett Hickman drew 593 votes to defeat his opponent W. S. Turner. A retired school teacher and the first Negro to ever seek election to the City Council, Turner received 164 votes for place 3 on the council. Hickman, a local grocery store owner, has been a councilman for three years.

Councilman J. C. "Jimmy" Marek received 698 votes to retain place 5 on the council. John A. Smith received 39 votes as a write-in for place 5.

Lawrence Zotz, an employee at Alcoa's Rockdale Works, drew 745 votes for place 4 on the council. The new councilman will succeed E. L. Wied, a six year councilman who did not seek re-election.

Election Judge B. J. Matoch reported 784 votes cast in Tuesday's election.

Voting was heavier in this councilman's election than in the past several years. Officials had estimated a vote of 700 with 623 poll taxes paid this year.

Other members of the city council are Porter Young and Lester Turner.

Following completion of election returns, the City Council met in regular session and approved the election returns.

A group of Cameron residents requested a sewage line for an area which lies north of the swimming pool. Water Supt. Alvin Heffitt and Street Engineer J. B. Earle were asked to study the matter and bring their recommendations before the council.

The council also received the audit report, approved monthly bills and heard city and water department reports.

At the April 20 meeting, the council expects to have further plans for the proposed city airport.

Shell Wildcat Below 9,970

Milam County's deep wildcat, the Shell Oil Company No. 1 Nell Ross, was drilling at 9,970 feet at last report on Saturday.

The Ross, which is located in eastern Milam County about four miles southwest of Gause, is permitted to 15,000 feet or the Smackover. Shell is drilling the wildcat tight, releasing little information about it except the depth figures.

Only about 900 feet of hole has been made on the test during the past two weeks; it was reported at 9,035 feet on March 24.

On the other side of the county, in the Tracy-Sharp area, Co-Kal Oil Company of Brenham was drilling on their No. 1 Gertrude Hargrove early this week. This is a shallow wildcat permitted to 1,200 feet or the Austin Chalk.

The Hargrove is located on a 290.5 acre lease in Jackson Hall Survey about 14 miles northwest of Rockdale.

Festival To Open New Marak Hall

By Lois Sapp

Marak's newly remodeled and enlarged community center is a realistic example of what purpose and determination, coupled with the willingness to work, can accomplish.

With very limited funds, a Marak priest and 30 parishioners have built one of the finest community centers now in existence in a rural area of Milam County.

Rev. George Bonhard took the "bull by the horns" seven months ago when he moved to Marak to serve as priest at the St. Cyril & Medthous Church and was the backbone of the project to make a place for a cultural movement for Central Texas.

His idea for a "Marak Cultural Movement" caught hold and this handful of people threw their hearts into the work of building a fine hall.

They worked all hours doing exterior and interior painting, building facilities for all types of activities and making hand made furniture. Many others donated needed appliances and funds. Working side by side with the parishioners, Rev. Bonhard also donated his savings in helping to make the Marak Community Center become a reality.

SPRING FESTIVAL
April 24 and 25 will mark the true beginning of the Marak Movement, setting the purpose, behind the many months of labor, to work.

A two-day Musical, Theatrical and Dancing Festival is "a marking stone of a new course taken in this area," Rev. Bonhard said.

"To fulfill our aim, we shall use the rich artistic Texas re-

A school house and small center were joined with a new section to make this large 120 x 45 foot structure. The exterior and interior were painted and

Drive Underway For SWAHRF

By J. D. Moore
Milam County Agent

Twenty-five stockmen met at the Cameron Livestock barn last week and made plans for an intensive drive to raise some \$4,000 to support the screwworm program. The drive led by John S. Batte will continue through April 12, at which time the county goal should be reached if all stockmen participate.

The following men have asked other stockmen to help in their communities: Bill Crenan, Burlington; Albert Dorner, Ben Arnold;

Progressive Farmer Interviews Local 4-H Club Members

By Charles W. Henson
Asst. Co. Agri. Agent

Mr. Romaine Smith with the Progressive Farmer came to Milam County April 2 to visit with 4-H boys and girls that are doing an outstanding job with their projects. He visited Charlene and Paul McDermott and found out about their horse projects. These 4-H members have done an outstanding job training and showing their horses. The trophies they have won are evidence of this.

Connie and Bill Ellis are another brother-sister team that Mr. Smith visited. Bill and Connie have dairy- ing as their projects and have several dairy cattle which they run with their father. This brother and sister team make it tough on anyone in their class when they go to the show. Both are excellent showmen and have very good animals to show.

Rabbits are an unusual project, particularly for this part of the state, but Patricia, Tommy and Stanley Garrison use this for their project and make it a profitable one. They have had rabbits for about 18 months and are enjoying raising them. They have sold rabbits for pets, for eating and also for laboratory testing.

Dean Stiles and his wildlife conservation project is another interesting and also educational demonstration that Mr. Smith visited. Not only is Dean doing a good job with his project but is also teaching some 4-H junior boys the principles of wildlife conservation.

Milam County was honored by Mr. Smith choosing to come here and write news articles about a few of our 4-H members.

Buckholts FHA Has Fashion Show

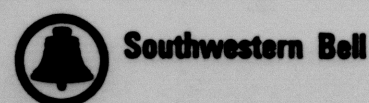

The Buckholts FHA Chapter presented a fashion show March 18, "Around the World in Fashion," narrated by Barbara Smith. Gail June and other chapter members furnished stage props, consisting of scenes from Hawaii, Japan, Mexico and France. The girls modeled dresses they had constructed in homemaking classes taught by Mrs. Kathryn Janicek.

Put telephone wires underground and you've put them in a safe place. Safe from wind, rain, hot weather, cold weather, stormy weather. All around safer from the kinds of trouble which can affect your phone service.

That's why this year Southwestern Bell is spending \$10 million burying hundreds of additional miles of telephone cable underground. In effect, buying life insurance for your telephone service.

There's another benefit. New jobs will be created. Some in the telephone business and an estimated 500 new jobs among the hundreds of firms which sell supplies, services and materials to the telephone company.

This is a 1965 communications bonus. Part of a massive construction effort to make the world's best telephone service even better.

Postal Department Test New Facilities

More service facilities for the postal customer are receiving new emphasis in the postal system. Postmaster Narvie L. Caperton commented today after receiving word from Postmaster General John A. Gronowski in Washington, D.C., of a new improved "self-service post office."

The new experimental 24-hour self-service unit - the second - opened in mid-March just outside Los Angeles, to meet after-hours postage and mailing needs of suburbanites.

The first unit was installed recently at a shopping center just outside Washington, D.C. It offers around-the-clock facilities for buying stamps, postal cards and envelopes at cost, mailing letters and weighing and mailing parcels.

In the new model, the vending machines dispensing cards, envelopes, etc., have five times as much capacity, and a larger roof over the vending devices and parcel post drops for better protection of the public.

Noting that the self-service units are designed as a supplement to service and not as a replacement for central postal facilities or personnel, Postmaster Caperton added:

—IN THE SERVICE—

FIRST MARINE BRIGADE
AT SEA - Marine Private First Class James Wilson, son of Mr. and Mrs. J. D. Wilson Sr. of Milano is serving with the First Marine Brigade, which recently departed its home base in Hawaii for duty in the Far East.

The First Marine Brigade is one of our country's unique fighting units. It is the only known combat unit in the world in which air and ground elements live and train together under the same roof, and is under the control of a single tactical commander.

WICHITA FALLS
Joe P. Campbell Jr., son of Mrs. Cora M. Campbell of San Gabriel, has been promoted to senior master sergeant in the U.S. Air Force at Sheppard AFB, Tex. Sgt. Campbell is a personnel superintendent with a unit that supports the Strategic Air Command mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

Buckholts FHA Girls Attend Area Meeting

In March the Buckholts FHA girls attended the Area VIII FHA meeting in Waco. Miss Barbara Smith and Miss Sandra Gresak were recognized as State Degree candidates, and Miss Gresak was installed as District II secretary for the year 1965-66.

Buckholts was also represented in the District II Chorus. The members were Patsy Inge and Kathy Wallace.

Other girls attending the meeting were: Janice James, Rita Baggett, Janice Brady, Norma Barkemeyer, Linda Sevcik and Judy Beckhusen. Chapter Mother Mrs. W. E. Beckhusen and Chapter Advisor Mrs. Kathryn Janicek also attended.

MELONS AND VEGETABLES

Texas melon and vegetable growers, if they follow USDA suggestions, will plant about the same acres of carrots, cucumbers, green peppers, sweet potatoes, cantaloupes, and watermelons. But USDA suggests that growers plant 5 per cent fewer acres of onions, snap beans and lettuce and 10 percent fewer tomatoes.

TEXANS LOVE PLYMOUTH BELVEDERE

One big reason for Plymouth's sales success in Texas is the '65 Plymouth Belvedere. It's the big buy in the intermediate class, and Texans know a good deal when they see it. Belvedere gives you dollar-saving economy with a look of quality. From the luxurious Belvedere Satellite to the Belvedere I two-door sedan, there's a model to suit your car needs. And every Plymouth has a 5-year/50,000-mile engine and drive train warranty.*

***HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU:**
Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a without charge for such parts or labor: engine block, head and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

THE FAMILY LAWYER

HOTEL HAZARDS

Finishing her shower, a hotel guest started to turn off the water. But she lost her footing, skidded, and hit the tile floor with a thud. Battered and bruised, she later sued the hotel for damages.

"That tile was slippery," she complained in court. "Why didn't they furnish a rubber mat for safety? As a guest of the hotel, I was entitled to every possible protection."

But the court denied her claim, finding no fault on the part of the management. The judge said the danger of slipping in such circumstances ought to be obvious to everyone who ever has taken a shower.

Much of our hotel law dates back to the Middle Ages, when thieves and ruffians (and Robin Hood) roamed the roads of England. A high degree of responsibility was imposed on the owners

of inns, which were a sort of safety zone for the anxious traveler.

However, the emphasis was on his belongings rather than his personal safety. Thus, this strict rule never applied to hazards from the furnishings and appliances used by the guest.

In that respect the hotel's responsibility has always been, and still is, merely to use "Reasonable care" - much like the responsibility of a store toward its customers.

What care is "reasonable"? Of course, circumstances differ in each case. However, a few examples will give you a rough guide: A hotel was held liable to a

guest who stepped on a needle, where evidence showed that the room had not been properly cleaned for her arrival.

And a hotel was held liable to a guest who got a shock from turning on the light, where the management had allowed the wiring to fall into dangerous disrepair.

But a hotel was held not liable to a guest bitten by an insect, where there was nothing to indicate that the hotel could have prevented the mishap.

And a hotel was held not liable to a guest injured when a bench cracked under her weight, where there was a defect in the wood not discoverable by any normal precautions.

"A hotel," said the court, "is not an insurer against accidents." A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

Henderson Is Milam Meyer Wins Representative For 2 Awards At Cen-Tex Fair

Attorney General Waggoner Carr has announced the appointment of County Attorney John B. Henderson Jr. of Cameron to serve as official representative for Milam County for the 1965 Attorney General's Youth Conference on Crime.

This Third Annual Conference will attract over 1600 outstanding youth leaders from throughout Texas to study projects for implementing in Texas communities for the prevention of delinquency. Many outstanding programs have already begun in Texas as a result of the first two conferences, including youth juries, programs for tutoring students to prevent dropouts, and various other community service projects. Civic clubs, churches and other organizations or interested individuals will sponsor delegates, and individuals interested in participating should contact Mr. Henderson at the Milam County Courthouse.

The conference will be held in Austin August 20 - 22, 1965.

Mrs. D. D. Harris is visiting her daughter and family, Mr. and Mrs. Buck Price in Irving.

Mrs. M. A. Hearne visited relatives in Louisiana and spent the past 10 days with her children in Houston.

Mark Meyer, Yoe High School freshman, returned from the Central Texas Regional Science Fair at Baylor University last weekend with dual awards.

Meyer was awarded an honorable mention in junior division math-engineering and third place in Central Texas Chapter, Texas Society of Professional Engineers Award competition. He placed first in the Physical Science division of the local show.

Others from Yoe High exhibiting in the Regional Fair were Diane Howard, Monica Mikula, Jim Lafferty and Wallace Culpepper. There were 300 entries competing at Waco.

Meyer is the son of Mr. and Mrs. Alvin Meyer, Cameron.

PERSONALS

Mr. Taylor Moore, a former Cameron resident, was in Cameron Wednesday. Mr. Moore is now secretary of National American Life Insurance and lives in Baton Rouge, La.

Jimmy McGregor of Galveston visited his parents, Mr. and Mrs. Talmadge McGregor and other relatives last weekend.

MARAK —

Continued from page 1

At the interdenominational festival Rev. Bonhard will bring outstanding talents before the Milam and Temple area audiences. Already he has acquired many talents, but more are still needed and participation is urged. Any person interested in performing at the festival is asked to contact Rev. Bonhard at Marak before the April 17 deadline.

"We need the support of music instructors, city fathers, school heads and teachers who are interested in their community and its children," the priest said.

Persons on the program will include artistic groups in vocal and instrumental divisions from surrounding towns. There will also be high school choirs, dancers in costumes for folk and square dancing demonstrations and a picnic both days.

RESTORE VALUES

"This program is to introduce people to the Marak Movement which seeks to restore interest in things social and cultural of lasting value and to talented people from all walks of life who give of their time for the benefit of the community through communication of their knowledge and experience to our youth," Rev. Bonhard said.

The deep rooted desire to help young people realize the values of "the good things in life" has driven this young man for many years. When the Communists took over his native land of Czechoslovakia he had been working with his father manufacturing pianos for six years. All private business was taken over by the Communists and George Bonhard left his homeland and became a priest.

With his family gone and no roots in his homeland, he turned his efforts toward youth. With a Master of Theology degree and talents in directing classical plays and musical programs and as an accomplished pianist, he began helping children wherever he was sent.

In Granger he worked with school age children, teaching them piano and drama, formed two choirs and taught ping pong every Saturday morning throughout the year.

Before coming to Marak he was at West and while there set up classes teaching language courses in addition to those fields taught in Granger.

PLANS MILAM CLASSES

He now plans instructions for the youngsters of the Milam area this coming summer. He will teach piano lessons and language lessons (Latin, French, German, Russian and Italian). A man of many talents, he is also an accomplished tennis player and has won many awards during the past years. Others have learned of this talent and have asked him also to construct a tennis court and

give tennis lessons, which he plans to do.

Plans are also underway to organize a permanent, interdenominational group of actors and other theatrical personnel.

"It is now only a question of time to bring this Independent Theater to life. This group will present a drama four times a year at Marak Hall."

Rev. Bonhard said he loves to organize talents so people will know about them and they themselves will use them.

"If talents are used, they will not be lost, and in turn the youngsters will not have time to do things that could tend to make them lose their moral standards," he said.

PHYSICAL-MIND RECREATION
The "Marak Cultural Movement" seeks a proportionate division between physical recreation and the recreation of the mind, between the collective and individual education, between the materialistic and the spiritual concepts of life, he explained.

"We want to enable our young people to participate actively in the cultural community life in their spare time, to cultivate respect and re-dedication for the universal values which civilization has revered and admired for centuries," the young priest said.

He added that in his studies he has noted that one of the great problems of this time is that of proper utilization of "spare time." For years emphasis has been placed on "fun" - which he termed was a headlong race into nothingness. "Our youth employ it gladly through example set by adults. It requires no responsibilities, no thought, no education, no culture and no spiritual value."

RE-EVALUATE "FUN"

"Obviously the criteria for judging 'fun' must be re-evaluated and judged for what it is. 'Fun' can be learning to love books, good music, drama, or even an exchange of ideas between a group of people," he said.

The Marak Cultural Movement wants to open new horizons for the youth and let them decide their course. They also hope to set an example which will be imitated in other communities so that their youth will also be directed toward educational and cultural activities rather than to things of questionable values.

Road-e-o Honors

Two brothers took first and second place honors in the Jaycee Teenage Road-e-o last Sunday. Mack McKinney won first place and will represent Cameron at the State Road-e-o in Fort Worth May 8 and 9.

Jack McKinney won second place and will serve as alternate in the event his older brother is unable to attend. Patricia Marburger won third place and Jerry Heitman and Niley Rosemond tied for fourth place.

Jaycee President Jack Terhune said 14 local youths competed in the driving contest held at the Safeway parking lot. Lawrence Jetter was chairman of the contest. Winners of the state elimination contest will compete with 50 states and the District of Columbia for \$4,500 in scholarships and a Comet automobile at the Washington, D.C., National Finals in August.

Safe driving by a Texas Teenage Student will be rewarded by a \$1,000 college scholarship when the winner of the annual Texas Teenage Safe Driving Road-e-o is declared. H. C. Pittman, executive vice president of the Texas Automobile Dealers Association, and Jim Reese, president of the Texas Jaycees, announced today in Austin that TADA, state association of franchised new-car and truck dealers, will award the \$1,000 scholarship this year.

Terhune said anyone wishing to see the State Road-e-o could contact him at Terhune Cleaners or call OX 7-9207. Cost for hotel room, a tour of Six Flags Over Texas, Get Acquainted Luncheon and the awards banquet Sunday afternoon, plus transportation, would be \$14.

An Airport Contribution...

There is little question that Cameron's Airport needs refurbishing and other improvement. It is perhaps a question of size.

What are other forward-looking towns our size building in airports or what have they built? There must be con-

siderable precedent.

We are confident Cameron's City Council will examine what is needed and come up with a logical, sound conclusion that will contribute to the progress of this town.

Waco Booms Technical Center...

Waco's foresight, boosted by Governor Connally's interest in a first-rate, top-level Texas technical institute, is putting just such an institution in the James Connally Air Force vacuum.

What would have been a long-term loss for the Waco area now will be a long-term asset, the prospects greater than continuing a manned air force base, even of James Connally's magnitude.

This is a good example for Cameron and stirs firm thinking into the possibilities for Milam's county seat re-instituting a Milam Institute for important technical training. That was the name of one of Cameron's first schools.

Waco's proposed technical fields are six: general and business, general engineering and construction, health industry, industry-university assistants, airline training and adult education.

There would be numerous possibilities for other technical fields of study beginning in Yoe High School, expanding into adult education and finally into

a post-graduate institute fitting what, say, area universities, Temple Junior College and the new technical center would not offer.

Needs could be considerable for mechanics training, agriculture equipment care, metal and other modern materials skills and even some of the fields proposed at Waco on a small, more specialized scale, of course.

Needs are determined by population and industries basic to be a given area. Waco proposes to serve the vast area from Dallas-Fort Worth to Gulf Coast. It would not be inconceivable for Cameron to serve, perhaps in satellite capacity, some of the needs in not so vast an area, but as equally an important segment of this area. We too, are, centrally located, and in our small way could provide basic training, so to speak, for the industrializing agriculture industry as well as basic technical needs of a portion of Cen-Tex.

Waco's example is set. Can we follow?

291 Holidays In Next Six Months

By Vern Sanford
Texas Press Association

AUSTIN — You probably didn't know it, but 291 holidays will be celebrated in Texas in the coming six months.

Most of the holidays aren't statewide observances. But Monday's June 18 Vegetable Festival, the May 7 Panola County Queen Pageant, Boone's April 24 Saengerfest and Raymondville's April 15 Onion Fiesta are in the offing, as well as 287 other local celebrations.

In order to help Texans and tourists keep track, and plan their travels accordingly, the State Highway Department has published a Texas Calendar of Events. It covers the period from April 1 through September.

For the first time, the Highway Department also has issued a Calendar in Spanish, to serve "a remarkable surge" of tourists from south of the border.

FEDERAL DOLLARS FLOW - Legislative budget writers, nearing the end of a long trail, are confronted with a new problem. Question is how to anticipate the effect on state finances of an unprecedented flood of federal dollars flowing into a variety of programs.

Some think a special session of the Legislature may be necessary, after final congressional action, in order to tie down overlooked matching-fund requirements.

Two proposed federal programs are perplexing the appropriations bill conferees:

1. Medicare -- hospitalization and health care for the aged, blind, disabled and children -- now on public assistance rolls.

2. The elementary and secondary education act which passed the House of Representatives in Congress. It would provide over \$85,000,000 to Texas schools next year.

Conferees, wrestling with the problem of how to balance the books, or recommend new taxes, hope to figure some way that federal funds can be used to reduce pressure on state school money.

Medicare offers some complex questions as to how much money the state must provide in matching funds to meet federal program requirements.

With new federal programs springing up in all areas, veteran Texas lawmakers are looking toward annual sessions of the Texas Legislature. They say the state's antiquated system of biennial budgeting soon must yield to one-year financing and annual sessions if Texas is to keep in line with congressional operations.

SERVICE MERGER - Twenty Texas communities will lose their standby military service units under the state's plan for merger of Army National Guard and Reserve forces.

Plan, already approved with reservations by Gov. John Connally, will be sent to the Department of the Army this month. The Pentagon has ordered Texas forces trimmed by 4,600 men and 155 organized units.

Communities which would lose their Guard units under the state plan drawn to conform with overall U.S. directives are Belton, Breckenridge, Canyon, Carrizo Springs, Cisco, Cooper, Colorado City, Crockett, Electra, Jacksboro, Monahans, Olney, Palestine, Pecos, Rusk, Santa Anna and Whitney.

Boerne, Uvalde and Pleasanton would lose reserve units.

WATER PLANS MOVE - Senate passed and sent to the House key water proposals recommended by Gov. Connally.

One would make the Texas Water Development Board, a six-member agency, the state's official water planning agency.

Another would authorize \$200,000,000 in additional bonds for construction or purchase of water storage facilities. Earlier the Senate passed a measure giving the Texas Water Commission a new name -- the Water Rights Commission -- and authority to decide water rights and conflicting claims.

structure or purchase of water storage facilities. Earlier the Senate passed a measure giving the Texas Water Commission a new name -- the Water Rights Commission -- and authority to decide water rights and conflicting claims.

ENLARGED SENATE PLAN - Senators saw bugs in the plan they passed earlier to enlarge their membership from 31 to 39, guaranteeing all but five incumbents terms extended through next year's elections.

So, Sen. Louis Crump of San Saba introduced a new version which would require all Senators to run for re-election in 1966 if they want to keep their jobs. New measure quickly won committee approval.

Increasing terms from four to six years still is a feature of the "big senate" plan. If approved by the Legislature, it will go to voters July 24. Senators think it will be a relatively painless way out of re-districting for them.

HORSES STOPPED AT GATE - After the longest committee hearing thus far this session, the bill

—OLD PHILOSOPHER—

Philosopher Finds World Geography Has
Gotten Out Of Hand And Is Getting Worse

Dear editor:

I was talking with a man in town who keeps up with such things as geography and the impending crisis in foreign countries, listening to him explain just what the situation in Viet Nam is, what North Viet Nam has done, what South Viet Nam has done, what our foreign policy there is and what it ought to be, etc., and to tell you the truth I was getting bored to death, so I broke in on the flow.

"Say," I said, "I see that Upper Volta is still on our side."

"What're you talking about?" he asked.

"Nothing, especially. It's just good to know that Upper Volta is still on our side."

"Upper Volta? What's that?" I knew I had him, but I didn't press the point, and came on home and hunted up the newspaper I'd

read the name in, to make sure I hadn't imagined it.

It's true. There is a country named Upper Volta, and its president, Naurice Yameogo, has just made a visit to Washington and been given the full red carpet treatment, with a 21-gun salute and a parade.

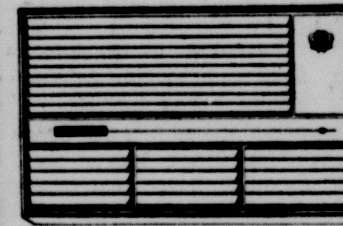

Now I haven't taken a survey, but I'll bet a subscription to The Cameron Herald against a subscription to the New York Times that until Mr. Yameogo showed up in Washington and got his name in the papers and on television, there weren't 100 people in the United States, including teachers, professors, editors, politicians and owners of encyclopedias, who'd ever heard of Upper Volta.

What this proves is that regardless of how well posted a man is on world affairs, he can't know it all, there has to be a good part of the world he's ignorant of. In fact, I doubt if there are a dozen people in the world who can sit down right now without any preparation and name all the countries on earth, and even among those who can it's about like memorizing the names of all the counties in the 50 states in the U.S. and knowing something about the internal politics of each.

Where geography got out of control was when we didn't stop with 13 colonies, and here we are about to take on outer space.

Yours faithfully,
J. A.

Ingot Casting Facility Added At Alcoa Plant

A new ingot casting facility under construction for the past several months is now in production at Alcoa's Rockdale Works. The break-in phase has been completed and the equipment turned over to production crews in the plant's Ingot Casting Department.

Described as an aluminum ingot product new to the Southwest and unusual in its method of production, the ingot is produced by a continuous casting method and cut to specified lengths for extrusion presses. Involved in the expansion were the casting machine, handling equipment, heat treating and storage facilities and the construction of about 9,000 square feet of new building.

Production from the new equipment is expected to help meet the rising demands from the extrusion ingot market which have grown almost 400 per cent in the past 12 years. Alcoa hopes to market substantial quantities of the new extrusion ingot product in the Southwest. The extrusion billet, as it is called in the trade, will be the fifth form of ingot produced at the Rockdale Works since the plant started production in 1952. Currently the smelter's Ingot Department produces 700-pound ingot, tilt mold extrusion ingot, machine-cast 50-pound foundry ingot, and direct-chill sheet ingot in a variety of forms.

Rockdale Works Staff Mechanical Engineer Gene Bennett was in charge of the expansion. The new equipment added about 20 employees to the plant's 1100-man payroll.

In Texas after golf beer's the one... for good taste, good fun

After a hard-played 18 holes, it's good to settle down on a soft chair in the club house and add up the score with friends. What better time for the drink that scores with almost every golfer—cool, thirst-quenching beer? Yes, beer's great to relax with, great for refreshment, great for taste. So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.

Summer Baseball To Re-organize

A re-organizational meeting for the Cameron Little League program will be held April 9 at 7 p.m. in the Texan Cafe and all men interested in the program are asked to attend.

Officials said the purpose of the meeting is to organize the Little League for this summer and to elect new officers. All team managers or persons interested in managing a team or those wishing to help in some other manner are urged to come.

"The league playing field needs work and should be processed now for the best playing conditions," Bassel Wilson, president of the organization, said.

Managers need to get acquainted with their players and practice should begin as soon as the field is made ready for play, Wilson noted.

"This meeting will be the most important meeting. Let's don't let our youth down, please men, come out and help get the League underway," he said.

Cameron's Little League summer program has grown each year and this year is expected to be the biggest year yet.

Buckholts Students Earlier Hour Set Place At University

51-B League Contest Long Distance Calls

Buckholts High School and Elementary School participated in the District 51-B University Interscholastic League contests held April 2 and 3 in Bartlett.

Barbara Smith won a first in poetry interpretation with a selection from Walt Whitman's "Song of Myself." Another first place was taken by the junior high spelling team, Alan Barkemeyer and Kenneth Arnold. For the second year in a row the picture memory team came home with a first place. This year's team members were Marcia Barkemeyer, Becky Beckhusen and Debra Ruzicka.

The high school spelling team, Joyce Arnold and Shirley Gresak, placed third in their division. In declamation Shirley Loftin placed third with her interpretation of "My People Came to This Country." Norman Haisler placed third in the elementary division of number sense.

The night rate formerly was in effect after 9 p.m. Now it is effective at 8 p.m. daily, and applies all day Sunday.

The "evening" rate, which applies from 6 to 8 p.m. Monday through Friday, is effective all day Saturday.

"Since Sunday is the day families usually get together, this change in rates will make it possible for family calls to be made all day Sunday at the lowest rate of the week," Carson said.

The changes in rates will apply only to station-to-station calls. The "night" and Sunday rate will not apply to intrastate collect or third-party calls.

Women managers will be needed and anyone interested in helping get a recreational program for the girls started is requested to contact Wilson.

A meeting will be called soon if interest is shown at which time the League will be organized. Sponsors of the girls league are about complete, Wilson said.

Playing fields for the girls have tentatively been arranged. Interest in such an organization is all that awaits getting things going, so if interested in a girls league, tell us about it, Wilson added.

Her '65 Ford rides quieter.... than her Rolls-Royce

Tests proved it*. Maybe you find this hard to believe. If so, your Ford Dealer has a suggestion: Look Ford over. Try it. Compare it. You won't find Ford offering Rolls-Royce's rare luxuries. But you will find it has an uncommonly quiet ride. And quiet means quality. Test-drive Ford, you'll discover it offers features, conveniences, models unmatched in the popular-priced field...

New Quality ■ 100% new body—strongest ever on a Ford. Frame tunes out irritating road vibration ■ New

suspension puts a big ultrasoft coil spring at each wheel

New Luxury LTD's ■ Decorator interiors, thick nylon wall-to-wall carpeting ■ Walnutlike vinyl inserts on doors and instrument panel ■ Rear-seat center arm rests, five ash trays (4-door hardtops)

New Power ■ Big, new 289-cu. in. V-8 standard in XL's and LTD's ■ New BIG SIX—biggest Six in any car, std. on other Galaxie and Custom models Visit your Ford Dealer and take a test drive soon!

*Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines and automatic transmissions rode quieter than a new Rolls-Royce. Tests were certified by the U.S. Auto Club.

Are You A Lovable Husband?

By Jane Sherrod Singer

With three-quarters of the literate world shivering with inferiority complexes as the result of failure to pass quizzes, here is one you can't miss on. It will make you feel good again!

- | | YES | NO |
|---|-----|-----|
| 1. Do you beat your wife at least once a week so she won't forget who's the boss? | () | () |
| 2. Do you lie around the house unshaven in order to save the money for shaving cream so you can go out "with the boys?" | () | () |
| 3. Do you think your wife has an easy life with nothing to do but stay home, cook, wash the floors and take care of the children? | () | () |
| 4. When your breakfast eggs are not cooked the way you like them do you throw them on the floor? | () | () |
| 5. Do you think that affection is all "bunk?" | () | () |
| 6. Do you think your wife is a member of a definitely inferior sex? | () | () |
| 7. Do you think your wife should be limited to 25 cents a week to spend on herself? | () | () |
| 8. Do you make an effort to be as untidy as possible so your wife will have to pick up after you? | () | () |
| 9. Do you always point out that the children have all your good characteristics and all of her bad ones? | () | () |
| 10. Do you always let your wife know how violently you dislike her in - laws and friends? | () | () |
- SCORING:**
- A. Check your answers, and, if you have answered yes to any question, change it to no.
- B. Then count up all the no answers.
- C. If the no's are less than ten, count on your fingers until you arrive at that number.
- D. When you arrive at the number ten correct, you have become the Don Juan husband of the year.
- E. Hide the paper. Your wife might have different answers.

JONES PRAIRIE NEWS—

By Mrs. R. K. Fontaine

Rev. and Mrs. Don Callaway of Fort Worth and Miss Susie and Burnett Atkinson were Sunday dinner guests of Mrs. Eunice Anderson in Cameron.

Miss Ethel McKinney was a guest of her sister, Mrs. E. A. Flinn, in Cameron for several days last week.

Mrs. R. K. Fontaine and daughter Karen accompanied by Mr. and Mrs. James Fontaine of Austin were Sunday dinner guests of her sister and family, Mr. and Mrs. Henry Garret in Bryan. Their son, Thomas Garret and family of San Diego, Calif., were guests there also.

Word was received here on Saturday of the death of Mr. Norman Burnett of Hobgood, N.C. Relatives here include Mr. Julian Burnett, a brother, and sisters, Mrs. Willie Burnett and Mrs. Eunice Anderson. Mr. Burnett was a frequent visitor in Jones Prairie.

Mrs. Verna Jamison and daughter, Miss Louise, were Sunday dinner guests of their daughter and sister, Mrs. Leroy Massengale, and Mr. Massengale in Maysfield.

Mrs. Nora McKinney spent several days this week in St. Edward Hospital. She is reported improved.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

TO KEEP MAN FREE

Scientists have not always been free to work unhindered on the theories and investigations that led to the discoveries that have been such a great boon to mankind. There was a time when they were compelled to study and work in secret, in constant danger of being persecuted and thrown into prison. Men such as Galileo worked in secret and wrote in code because churchmen believed they were advancing theories and teachings contrary to the teachings of the Bible.

In modern times we have seen this procedure reversed. In some countries churchmen have been imprisoned and "brain washed." Some peoples proclaim that religion is an opiate, God a myth, that man is sufficient unto himself.

Gradually, however, it is drawing in men's minds that with God removing from the picture man's discoveries and inventions are paving the way for his destruction, that science and the Church must work together. They are beginning to realize that it takes science and the Church working hand in hand to reveal the TRUTHS that make and can keep man free.

This Church Page presented under auspices of The Cameron Ministerial Association - is made possible by the courtesy of the following business people in Cameron, Buckholts, Rogers, and Temple.
